- Recognition in press releases

We've got news! "August: Osage County" will make its Cape Cod Premiere at our theater in May 2019! That's right, the Pulitzer Prize and Tony Award-winning best play by Tracy Letts', which the New York Times raved "Sensationally entertaining... this fraught, densely plotted saga of an Oklahoma clan in a state of near-apocalyptic meltdown is fiercely funny," will be directed by David Drake!
